

## Verbindungsstange / connecting rod Mercedes A Klasse BM 168

Höhere Festigkeit und  
längere Lebensdauer durch  
die Metallausführung.

febi empfiehlt, die  
Verbindungsstangen immer  
paarweise zu tauschen.

### Plastik/plastic

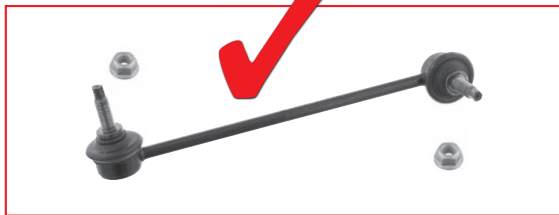

febi 18072, Vergl.-Nr./Ref. No.: 168 320 03 89

Improved strength and  
lifetime provided by the  
metal design.

febi recommends that both  
connecting rods are always  
replaced at the same time.

### Metall/metal
