**RENEW EVERY 6 MONTHS**

1. Clean the interior of the vehicle.

2. Start the engine.

3. Turn on the air-conditioning.

4. Program the air-conditioning to the coolest temperature.

5. Choose interior air recycling mode.

6. Open the vents (adjust the ventilation system to the maximum).

7. Check that the windows are closed.

8. Push the passenger seat back as far as possible.

9. Shake the aerosol and place it on the floor next to the passenger seat 50cm/16.69 inch away from the dashboard.

10. Activate the spray (automatic mode), pointing it in the direction of the cabin.

11. Close the vehicle, leave and let the spray work for 15 minutes.

12. DON'T FORGET TO AIR THE VEHICLE AFTER SPRAYING.

Neutralises and eliminates bacteria & odours (mould, smoke, pets...) inside your cabin and on the covered surfaces: seats, roof, carpets.

After treatment, ClimSpray™ leaves your car with a pleasant, clean & fresh fragrance.

Neutralisiert und eliminiert Bakterien und Gerüche (z.B. Schimmel, Rauch, Tiere) im Fahrzeuginnenraum auf den betroffenen Stellen d.h. Sitze, Himmel, Teppiche

Reinigt die Luft innerhalb Ihres Fahrzeugs Nach der Behandlung hinterlässt das ClimSpray™ Ihr Fahrzeug mit einem angenehmen, sauberen und frischen Geruch.

Neutraliza y elimina las bacterias y los malos olores (moho, tabaco, moscas...) del interior del habitáculo en las superficies expuestas: tapicería, techo, alfombras

Purifica el aire en el interior del vehículo. Después del tratamiento, ClimSpray™ dejá una fragancia limpia, fresca y agradable en su habitáculo.

Semlegíteti a szigeteket (fűrész, füst, kiscsillat stb.) és megőrzi a baktériumokat a fülökben és a burkolat felületeken, ülésekben, mennyezetben, csövegeken.

A kezelés után a ClimSpray™ autójában kellemes, széta és friss illatot hagy.
