

## EIBACH SPLASH GUARDS

When using Pro-Spacer Wheel Spacers, the fender wheel arches may be required to fulfil the obligations imposed by your local automotive certification. For that purpose, Eibach has launched a universal fender Splash Guard, available in three sizes. One set contains two splash guards.

### Product characteristics:

- Made of polyurethane (PUR)
- Flowing shape, mounts easily to fender wheel arches
- Flexible design with extra-strong adhesive strips
- Includes cleaning cloth and primer
- In matt black
- Non-paintable
- Complete instructions included

### Versions:

„small“ | order number VT540-S | ca. 210 mm long | effective cover width 10 - 13 mm

„large“ | order number VT540-L | ca. 210 mm long | effective cover width 18 - 20 mm

„XX-large“ | order number VT540-XXL ca. 700 mm long | effective cover width 18-20 mm
