1 Introduction

1.1 Purpose

The activities have been performed to check whether the provided samples and information folder meet the requirements of the following directives and/or regulations:

- ECE Regulation 44, addendum 04 [1]

The activities have been performed on behalf of extension of approval.

Reason for extension: See application 13WLDTNO-E.10. Addition of new trade names, addition of new type names.

1.2 Submitted items

The request has been handed in together with:

- application form, relating to the ECE Regulation for the type approval of child restraint system;
- technical description including drawings and specifications;
- installation instructions, if applicable, and instructions and details of packaging.

1.3 Method of test

Tests on the provided samples and/or information folder have been performed according to the following directives and/or regulations:

- ECE Regulation 44, addendum 04 [1]

Considering the reason of extension, the technical service has decided that no additional tests are necessary to cover the extension.

Execution and conditions

The order will be executed according to: ECE Regulation 44.04 ABNT NBR 14400:2009

Conditions

This agreement shall be exclusively governed by the 'General Terms and Conditions of TNO Homologations B.V.' (version July 15, 2011), hereinafter also referred to as 'GTC', a copy of which is attached to this order form. Any general purchase conditions or other general terms and conditions used by client are not applicable to this specific agreement, and are hereby explicitly rejected.

By signing this order form, the client acknowledges having received and accepted the GTC and the obligations resulting from the GTC and the above mentioned regulation(s)/directive.

In deviation to article 3 "Secrecy" of the GTC, TNO Homologations B.V. and client agree that TNO Homologations B.V. is allowed to provide the Certifying Body with copies of the inspection- or test report in case of positive results only (if applicable).

Results

The order will result in an inspection report or a test report in the English language.

Approval

In case of European type approval of road vehicles and vehicle components according to ECE Regulations and/or E(E)C Directives, the client declares, by filling in this order form, that he applies for this international approval in The Netherlands only.

Delivery Time

HOMOLOGATIONS works according to lead times. Prior to the start of the order, client and HOMOLOGATIONS agree about the planning, lead-time and the timing of the delivery of all required documents, statements, samples etc. The lead time(s) given by HOMOLOGATIONS is or are always without interruptions that could be caused by the client or the product that is tested. The lead-time is based on standard test and inspection routine experience.

HOMOLOGATIONS will not be obliged to commence the work before all required documents and objects are delivered to HOMOLOGATIONS in the agreed form and numbers. The given lead-time will automatically be extended by any delay that may be caused by this. All costs and expenses incurred by HOMOLOGATIONS in relation to this delay are the responsibility of client and will be charged to the client.

Payment Term

The final invoice will be sent to client together with the delivery of the results. Payment will have to take place within 30 days after the date of the invoice. Client will at all times be responsible for payment of the costs as invoiced by HOMOLOGATIONS, even if the order is given on behalf of a third party to HOMOLOGATIONS.

Cancellation Fee

- Cancellation of a test 10 working days or less prior to the agreed test date, will result in charging [50%] of the test price.

ORDER FORM**CHILD RESTRAINT SYSTEMS**

- Postponing of a test within a period less than 15 working days, but more then 5 working days prior to the test date will result in charging [20%] of the test price.
- Postponing of a test within a period less than 5 working days prior to the test date will result in charging [30%] of the test price.

In case of postponing, HOMOLOGATIONS will send a proposal to client with the first possibility for a new test date.

This order form is accompanied with the following appendices:

- Appendix 1: Rates for standard homologation activities relating to Child Restraint Systems;
- Appendix 2: Items to be submitted for type homologation according to ECE regulation 44;
- Appendix 3: Information document for type approval testing and extension testing;
- Appendix 4: General Terms and Conditions of TNO Homologations B.V..

Authorization

(If the applicant is not the manufacturer, the manufacturer shall authorize the applicant on this form to apply for the homologation)

Directives, regulations, standards etc. can indicate that an application for homologation, with the aim to obtain an approval number and/or certificate, only could be asked for by the manufacturer or by his duly accredited representative. In many regulations, as manufacturer is regarded the owner of the trade mark or trade name and the one who is responsible for all aspects of the homologation process, including the responsibility for the Conformity of Production procedures. **It is the client's responsibility, whether authorization by the manufacturer is applicable or not.**
