

## Logic Concept LS-21 speakers set 2.1

Logic Concept LS-21 is a 2.1 speakers system, which is characterized by high-quality sound and an attractive and modern design.

LS-21 speakers system consist of two satellites and a subwoofer which allow enjoying pure and high quality stereo sound and deep basses. Matching parameters of the amplifier for the speakers used in this system provides the sound of extreme purity and power.

## Logic Concept LS-21 speakers set 2.1

By making use of advanced air flow techniques, subwoofer unit provides massive dynamic boost effect while maintaining low level of distortion and high quality of low frequency tones. Located on the front of the woofer two knobs allow the user for easy volume control and increase or decrease the intensity of the bass boost. LS-21 speakers provide also an impressive power output 1200W PMPO.

### SPECIFICATION

Output power: 3W+1.5Wx2l

Frequency response: 40Hz-150Hz, 150Hz-20KHz  
Unit: Subwoofer 3" Satellite 2,25" x2; P.M.P.O:  
1200W

S/N ratio: > 70dB;

Distortion: 0,3% 1W 1KHz;

Power: AC220V-50Hz

Unit size: Subwoofer (140mmx200x140mm),  
Satellite: 70mmx70mmx170mm)

Warranty period: **12 months**

RMA procedure: **replacement**

Color: black

Availability: September 2012
