[CERTAINTY FOREVER]

Xblitz Alcontrol Ultra is a breathalyzer made for those looking for the highest quality device which at the same time will provide the best accuracy of the measurement. Korean production ensures highest standards.

The case of the device was designed based on nice in touch plastics. Underneath the shiny panel there is an indicating screen, which shows the alcohol concentration level. We will also find there small light indicators, which inform us about the device status.

Xblitz®

[PLATINUM SENSOR]

Xblitz Alcontrol Ultra is equipped with platinum, electrochemical sensor produced in Korea. This sensor is characterized by better measurement accuracy in comparison with traditional, semi-conductor sensors.

[CALIBRATION FREE OF CHARGE]

Every **Xblitz Alcontrol Ultra** breathalyzer is covered with 1-year batch of free of charge device calibration in **Xblitz** service center.

Periodic calibrations will allow you to keep proper measurement of the device.

[SENSOR CALIBRATION]

Every user of **Xblitz Alcontrol Ultra** in the warranty period - is able to make a device calibration free of charge in Xblitz service center.

[READY TO USE]

Xblitz Alcontrol Ultra is prepared for immediate use.

The device will display the amount of measurements taken automatically after pressing „Power on” button and will heat-up the platinum sensor for a short while. Breathalyzer is ready to take measure after 20 seconds.

▶ [SCREEN]

Each-time the screen shows the amount of taken measures, heat-up time of the sensor and the test results.

▶ [STATUS INDICATORS]

Signals readiness of the breathalyzer to use as well as device alerts.

[TECHNICAL DATA]

Model: **Xblitz Alcontrol Ultra**

Sensor:	Intelligent electrochemical sensor
Accuracy:	+/- 0.005 per mil
Detection range:	/ 0.00 ~ 4.00‰ per mil
Heat-up time:	15-35 seconds
Reaction time:	3-22 seconds
Dimensions:	125mm x 56mm x 24mm
Weight:	87g (131g including battery)
Power supply:	9V alkaline battery
Calibration:	Once every 6 months (or 500 measures)
Warranty:	5 years
Made in:	Korea
