[MODERN DESIGN]

Xblitz Loud perfectly lies in the hand, making it very comfortable in use.
The main part of the casing is covered with fine-grained, stylish mesh
with side finishes in the form of chromed rings.
Both the sides and the base of the speaker has rubber finishes.
It makes it possible to place it both in vertical and horizontal position.
Additionally, the speaker has an IPX4 standard.

[THE POWER OF SOUND]

Xblitz **Loud** has the power to get even the smallest party going.
Internal speakers 2 x 5W are characterized with pure and loud sound.
Setting up the sound intensity at 50% enables the speaker to play
the music constantly for 180 mintues!
