[ROTATING HEAD] ◀

[3D HEAD]

Xblitz SL4 PRO - selfie stick designed for people looking for certain product serving for many years. It is made from sustainable aluminium alloy mixed with high quality plastic details. 3D head may operate in 3 different axes, which enables not only taking panoramic pictures, but also recording in difficult conditions.

02

[SELFIE TRIPOD]

More independent pictures? No problem! Bottom part of the **Xblitz SL4 PRO** selfie stick hides in itself an unfolding, practical tripod. Such configuration enables usage of the stable, light tripod. This is why **Xblitz SL4 PRO is an irreplaceable tool for e.g. YouTubers and travellers.**

▶ [RUBBER FOOTERS]

Thanks to them the tripod stays grippy and keeps the stability on smooth surface.

[HANDY TRIPOD]

Perfect for personal recordings, YouTube productions or talks via video-chat

[BLUETOOTH REMOTE CONTROL]

Xblitz SL4 PRO selfie stick - equipped with bluetooth remote control, which enables taking pictures and recording remotely, e.g. when we want to take an attractive selfie with friends.

[JUST TAKE PICTURES]

Remote control configuration is simple and easy - all you need to do is turn on the Bluetooth function in your smartphone

▶ **[REMOTE CONTROL]**
SL4 PRO has remote pilot which is extracted from the handle

▶ **[BUILT-IN BATTERY]**
Battery of remote control may be loaded by built-in micro USB port

04

[FREEDOM OF CREATION]

Xblitz SL4 PRO - possess rotating screw mount 1/4", which enables installation of sport cameras as well as wide range of compact cameras equipped with classic photo thread.
