# CONSTANT POWER

**Xblitz R5 POWER** is a device that provides a constant power supply to dashcams, even when the engine of your car is turned off.

▶ When your car is parked, **Xblitz R5 POWER** can still power your dashcam, letting it monitor the surroundings.

# EASY TO INSTALL

Nasz wielofunkcyjny zasilacz jest łatwy w instalacji. Wystarczy, że podłączysz go do skrzyni z bezpiecznikami według wskazówek dokładnie opisanych w załączonej instrukcji.

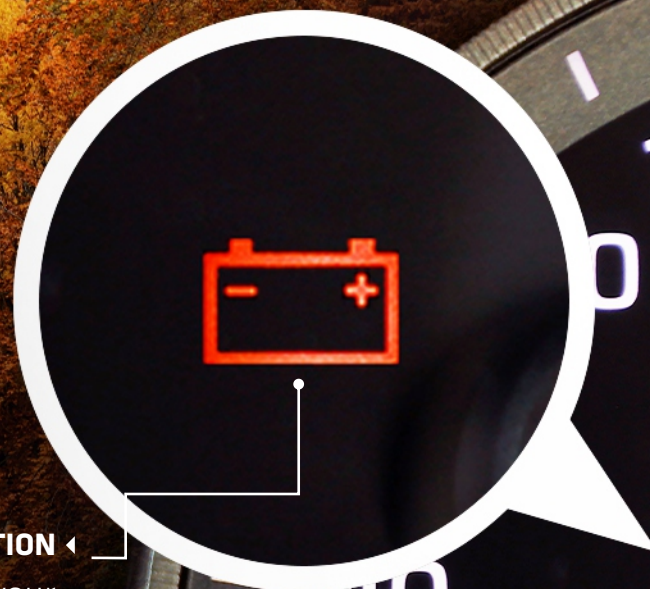

# PROTECTION

**Xblitz R5 POWER** protects the car battery from being drained. If the voltage inside the battery falls too low, the device will automatically turn the camera off.

## BATTERY PROTECTION

You don't have to worry that your car battery will get drained dry by the dashcam when your vehicle is parked. **R5 POWER** has a voltage sensor and a timer setting, both designed to protect the battery.

# MORE OPTIONS

**Xblitz R5 POWER** lets you use three different devices at the same time.

...and many other devices  
that you can power at  
the same time...

# FUSES

The **Xblitz R5 POWER** set has four types of fuses for bypass.
