

MVH-S120UBG

1-DIN receiver with green illumination, USB and compatible with Android devices.

Improve Your Sound.

Specifically designed for digital music, the MVH-S120UBG connects directly to Android* smartphone and other devices via the front USB or Aux-In. This way you can listen to your favourite tracks, while charging the battery.

*Android smartphones require Android 5.0 or later, up to 7.1.2, and the smartphone requires AOA (Android Open Accessory) 2.0.

This short chassis stereo includes an on-board MOSFET 50 W x 4 amplifier, and for further expansion, it also has 1 RCA pre-out at the back of the unit, allowing you to install extra amplifiers, speakers or subwoofers.
