

## MVH-S420BT

1-DIN receiver with Bluetooth, Red illumination, USB, Spotify, Pioneer Smart Sync App and compatible with Apple and Android devices.

### **Smartphone connectivity and Bluetooth, in a short chassis design!**

This 1-DIN Bluetooth receiver sets new standards in terms of audio performance and connectivity. Nevertheless, it's very easy to use and control thanks to its useful display and large Rotary Commander.

Bluetooth connectivity allows for safe and convenient hands-free calling, as well as wireless music streaming from your smartphone. Thanks to Pioneer's unique Advanced Sound Retriever technology, the sound quality will be as close to the original recording as possible. You can even connect two Bluetooth phones simultaneously.

For smartphone users, simply connect your iPhone or Android smartphone wirelessly (via Bluetooth) and safely enjoy Spotify (both for Free and Premium Spotify users) or the Pioneer Smart Sync app, which will take your smartphone to a whole new level.

FLAC files, is equipped with a 13-band Graphic EQ, 2 RCA pre-outs, an on-board MOSFET 50 W x 4 amplifier, making the MVH-S420BT the perfect partner on any journey.

## Specifications

### Bluetooth®

Obey local driving laws with built-in Bluetooth (HFP). Wide Band Speech hands-free calling, wireless audio streaming (A2DP) with artist, album, and song search, simple pairing, and control audio (AVRCP), Bluetooth® wireless technology has made life in the vehicle safer and more convenient.

### Pioneer Smart Sync App

Pioneer Smart Sync app helps you to utilise your smartphone's functions. It connects your smartphone to Pioneer's compatible car stereos.

### Spotify

With Spotify, just connect your smartphone to comfortably browse your favourite playlists, albums, tracks and artists using your headunit controls.

### Made for iPhone

With iPhone Direct Control, you can manage your i-device directly from your car dashboard and enjoy superior sound.

### Compatible with Android

Connect and listen to music stored on your device without the need for an app

### USB Input

Connect any device with an USB interface cable to charge your device or listen to clean, clear sound.

### 13-band Graphical EQ

Adjust your audio output in detail for a music experience tailored to your preferences.

### FLAC

Enjoy FLAC lossless digital audio files in your vehicle with playback output at CD quality, without the need to convert.

Short Chassis

The shallow depth of this product provides easy and flexible installation.
