

TS-G1310F

13cm Dual-cone Speakers (230W)

For better-sounding drives.

Discover the renewed G-series

The improved G-series speaker range is specifically developed for premium and powerful audio, with excellent value for money. Their rigid design has been optimised with multi-bolt patterns, making it very easy to install any G-series speaker in your car. Thanks to their **increased power handling** and **high sensitivity performance**, these speakers reproduce deep, impactful bass and natural highs – even at high volumes.

TS-G1310F

Upgrade your in-car sound in a smart and affordable way with the TS-G1310F.
