

## TS-G6930F

6" x 9" 3-way Coaxial Speakers (400W)

### Upgrade your in-car sound.

#### Discover the renewed G-series

The improved G-series speaker range is specifically developed for premium and powerful audio, with excellent value for money. Their rigid design has been optimised with multi-bolt patterns, making it very easy to install any G-series speaker in your car. Thanks to their **increased power handling** and **high sensitivity performance**, these speakers reproduce deep, impactful bass and natural highs – even at high volumes.

#### TS-G6930F

Upgrade your in-car sound in a smart and affordable way with the TS-G6930F.

This **3-way coaxial speaker** features:
